

The head banner still doesn't look what I have in my mind with the coding effect at the moment.

Suggest to make it a stagnant picture with copy first that gives professional impression.

Attached herewith a few sample picture as reference

Your future is created by what you do **TODAY** not tomorrow

apply ("Codify College")
.then ("Brighten |

Change the "Teaching" to Codify College and with the coding element around it.

Then with the existing copy underneath.

Was wondering if the below applicable to existing plans or something we can add on:

- 1) Alumni Coaching (Having alumni to share their past experience on course and share their process on their career progress after the bootcamp)
- 2) Access to additional coding challenges / projects / homeworks
- 3) Industry insight and workshops
- 4) Student community forum to share challenges and share solutions (community learning)
